

Made the Deaf Hear.

Dispatch from Nashville, Tenn., says that that city is in the midst of an excitement over the work of Cooper and his preparations, that is beyond anything that it has experienced in recent years.

According to reports Cooper arrived in Nashville several weeks ago and began demonstrations with his medicines. In a short time he announced his intention to publicly demonstrate what they would do for deafness.

Newspapers were printing stories daily of the wonderful results that were being accomplished for victims of Stomach trouble, Kidney trouble, Rheumatism and Catarrh and interest was at its height. In consequence, at the appointed time a great throng awaited the appearance of the young man at the drug store where he was making his headquarters. About three o'clock in the afternoon Cooper appeared on the scene and invited all those afflicted with deafness to step forward. Picking out an elderly gentleman carrying an ear trumpet, Cooper questioned him and elicited the information that the man had been unable to hear without the aid of the trumpet for several years. He then poured a peculiar preparation into the man's ears and rubbed them softly with his hands. After about three minutes he requested that some person in the audience ask the man a question.

Several complied and from all appearances the man had no difficulty in understanding everything said to him in an ordinary conversational tone. A dozen or more of others were treated likewise with the same result. With one or two exceptions all declared that they could hear as well as they ever could.

The newspapers have since been full of the reports of the work and Cooper seems to have become the talk of the town.

The names of several prominent persons have appeared as having been greatly benefited by his medicines.

Mr. S. C. Paine, a well-known bank clerk, living at 414 Ash street, being among those whose name was mentioned, was seen and asked about his experience with Cooper's preparations. "It is indeed true," he said, "that I have obtained remarkable results from the use of the medicines. I had been deaf in my left ear for some time and when I heard of the wonderful work that was being accomplished by the remedies, I made up my mind to give them a trial. Accordingly, I secured a small quantity and began the treatment as directed. I noticed a slight improvement almost immediately. A few days after, when using the telephone, I suddenly put the receiver to my left ear and was surprised to find that I could hear distinctly. I improved steadily ever since and have experienced no further trouble."

Inquiry at E. M. Laakman's, the local agency for Cooper's medicines, brought forth the information that the remedies are in great demand in Farmington and that some remarkable cases have been reported right here at home.

FARMINGTON LOSES TO FLAT RIVER.

Farmington's Errors Are Numerous and Are Made at Critical Moments—
Score 4 to 1.

Flat River defeated Farmington in the first game of the series last Sunday in a game abounding in wild throwing and stupid base-running. Rickard, one of our best players, had his thumb split in practice and was unable to do very much. Farmington was unable to hit Perry and when they did get on base they would indulge in some of the most stupid base-running it has ever been our lot to witness. Perry pitched a good game, allowing 3 hits and fanning 6. Patton pitched in hard luck, two of the four hits made off him being the scratchiest kind of scratch hits. Johnny Herman and Solon Hough played their usual steady game, Herman making one of the best catches we ever saw. H. Cooper knocked a long low fly to center field, and after a hard run Johnny flung himself at the ball and caught it about 2 inches off the ground.

First inning. For Farmington, Evans struck out, Rickard rapped to Parsons, who threw wild to B. Cooper and went to second, but was caught trying to steal third; Bennett got to first on B. Cooper's error and went to second on Perry's wild throw to first. Arnold grounded out to B. Cooper. For Flat River, Parsons flew out to Hough, Brown went out, Patton to Rickard; H. Cooper went out, Evans to Rickard.

Second inning. For Farmington, Hough went to first on B. Cooper's error, and stole second and third, Barney Blue flew out to Washburn. For Flat River, Sherrill went out, Bennett to Rickard, Green singled, stole second and went to third on B. Blue's wild throw to catch Barger at first. B. Cooper fanned, Bennett let Washburn's grounder get away from him and Green and Barger scored. Perry flew out to Herman.

Third inning. For Farmington, Giesing went out, H. Cooper to B. Cooper; Evans singled, but was thrown out stealing second and Rickard fanned. For Flat River, Parsons walked, but was caught napping at first. Brown was hit and stole second. H. Cooper flew out to Herman and Sherrill went out to Rickard.

Fourth inning. For Farmington, Bennett fanned, Arnold walked, went to second on Perry's wild throw and scored on Hough's hit. Hough was put out, B. Cooper to H. Cooper. B. Blue doubled, but was caught in a run-up, Brown to Green. For Flat River, Green went out, Patton to Rickard. Barger fanned, but the third strike went past Arnold. Barger stole second, B. Cooper grounded to B. Blue, who threw over Rickard's head and Barger scored. Washburn went out Bennett to Rickard and Perry flew out to Hough.

Fifth inning. For Farmington, Patton fanned, Herman went out Parsons to Cooper and Giesing went out H. Cooper to B. Cooper. For Flat River Parsons went out Bennett to Rickard, Brown walked, Arnold threw wild to second and Brown started to third, but Herman made a fine throw and caught him. H. Cooper flew out to Giesing.

Sixth inning. For Farmington, Evans went out to B. Cooper. Rickard fanned. Bennett hit to Brown, who threw wild to first and Bennett started to second, but was caught in a run-up, Brown to B. Cooper. For Flat River, Sherrill went out B. Blue to Rickard. Green singled but was caught Rickard to Evans, and Barger flew out to B. Blue.

Seventh inning. For Farmington, Arnold walked, but Hough hit into a double play, and Blue flew out to Washburn. For Flat River, B. Cooper doubled, Washburn was safe on Rickard's error, Perry walked, Parsons forced Cooper at home and Washburn scored on Arnold's wild throw to third. Perry was caught at third, and Brown went out Patton to Rickard.

Eighth inning. For Farmington, Patton was safe on Parsons' error, but was caught napping by Green and B. Cooper, Herman fanned and Giesing went out Parsons to Cooper. For Flat River, H. Cooper singled, went to second on Arnold's wild throw but was caught at home. Sherrill was safe on Evan's error, Green went out to Rickard, Barger was safe on a fielder's choice and Cooper flew out to Patton.

Ninth inning. Evans went out to B. Cooper, Rickard flew out to H.

Cooper, Bennett flew out to B. Cooper and the game was over. Next Sunday the same teams will play at Woodland. The official score:

Regulars Defeat All-Professionals.

The Farmington Regulars defeated the All-Professionals, Barney Pelly's team, last Tuesday at Woodland Park by the score of 5 to 1. Forster pitched the entire game for the Regulars, allowing only 3 hits and striking out 19. Wells pitched one inning for the A. P.'s, and 2 hits and 4 runs were made off him. Pelly pitched the last 8 innings and allowed three scratch hits and 1 run, but we don't think he exerted himself.

Cost of Presidential Office.

The Presidential office is coming to be one of considerable expense.

The \$25,000 traveling allowance which was placed at the President's disposal, as one result of Republican extravagance at the recent session of Congress, is the fifth appropriation made for the benefit of the office of the Chief Executive. Two of these other allowances are larger than the \$50,000 paid as official "salary." The appropriation for the care of the White House and grounds, including the coal bill and the maintenance of its greenhouses, is \$60,000 a year. The salaries of the employees, only a few of whom, however, are personal attendants, aggregate another \$60,000. Then comes \$20,000 for lighting—so constructed as to mean even matches—and \$20,000 more for contingent expenses. This latter applies to the official stables.

So the gross amount allowed by Congress for what may be called the presidential office will henceforth be \$225,000 a year.—Illinois State Register.

It is notorious that all the exposed grafters were enthusiastic defenders of "national honor" and shouting for Republican candidates and policies in 1896, 1900 and 1904.—Carrollton Gazette.
